

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Agency Information Collection Activities; Proposed Collection; Public Comment Request

**AGENCY:** Electronic Government Office, Department of Health and Human Services

**ACTION:** Notice

**SUMMARY:** In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Electronic Government Office (EGOV), Department of Health and Human Services, announces plans to submit an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). The ICR is to reinstate the use of the previously approved information collection, Project Abstract Summary, assigned OMB control number 0980-0204 which expired on 11/30/2011, and to reinstate this information collection to 4040-0010 with a 3 year clearance. The ICR also requests categorizing the form as a common form, meaning HHS will only request approval for its own use of the form rather than aggregating the burden estimate across all Federal Agencies as was done for previous actions on this OMB control number. Prior to submitting that ICR to OMB, EGOV seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

**DATES:** Comments on the ICR must be received on or before [INSERT DATE 60 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

**ADDRESSES:** Submit your comments to [ed.calimag@hhs.gov](mailto:ed.calimag@hhs.gov) or (202) 690-7569.

**FOR FURTHER INFORMATION CONTACT:** [Ed.Calimag@hhs.gov](mailto:Ed.Calimag@hhs.gov) or (202) 690-7569.

**SUPPLEMENTARY INFORMATION:** Form is available upon request.

**Information Collection Request Title:** Project Abstract Summary

**OMB No.:** 4040-0010

**Abstract:** The Project Abstract Summary provides the Federal grant-making agencies a simplified alternative to the Standard Form 424 data set and form. Agencies may use the Project Abstract Summary for grant programs not required to collect all the data that is required on the SF-424 core data set and form.

**Need and Proposed Use of the Information:** The Project Abstract Summary is used by the public to apply for Federal financial assistance in the forms of grants. These forms are submitted to the Federal grant-making agencies for evaluation and review.

**Likely Respondents:** Organizations and institutions seeking grants.

**Burden Statement:** Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions, to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information, to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information, and to transmit or otherwise disclose the information. The total annual burden hours for the Department of Health and Human Services estimated for this ICR are summarized in the table below.

**Total Estimated Annualized Burden for HHS - Hours**

<b>Form Name</b>	<b>Number of Respondents</b>	<b>Number of Responses per</b>	<b>Average Burden per Response</b>	<b>Total Burden Hours</b>

		<b>Respondent</b>	<b>(in hours)</b>	
Project Abstract Summary	4,270	1	1	4,270
Total	4,270	1	1	4,270

EGOV specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.
